FRESH AIR CUBE

Believe it or not, urinals are not the only producers of smells in your washroom. Toilets in mens washrooms, disabled washrooms and even ladies washrooms all can smell a bit off.

The Fresh Cube has been designed out of a polymer that contains fragrance oils. This polymer gradually releases the fragrance over 60 days giving your cubicle areas the fragrance lift they need.

Made of environmentally material, these 100% recyclable cubes will not dissolve in or pollute water.

FEATURES

- 30% more air freshener than standard rimsticks.
- Gradually releases air freshener over 60 days.
- Used cube will shrink by 30% in 60 days, to a tight fit.

Fragrances: Cotton Blossom, Cucumber Melon, Mango, Spiced Apple

- Consistent odor control – By using the cube date tabs, you'll know when to replace it; ensuring a consistently fresher smelling area.
- Versatile – Sticks just about anywhere to a flat smooth surface. Each cube comes with a clip with double sided tape that helps you hide it away if needed.
- Powerful – Contains 50-100x more fragrance than a standard toilet rimstick.
