

PATRIOT SAFETY ANTI-FATIGUE WET AREA MATTING

Patriot is made from a durable rubber compound formed with an alternating large and small hole drainage system to keep liquid and debris free from the work area. Designed to withstand harsh chemicals while creating a slip resistant surface, Patriot offers a simple, economical solution to almost any industrial or food service application.

Where to use:

Wet environments that require basic fatigue relief. Ideal for one-worker stations.

Product info:

- A durable rubber compound formed with an alternating large and small hole drainage system to keep moisture and debris free from worker platform
- Raised pattern surround large holes to channel drainage and provide worker traction
- All 4 sides feature integral beveled ramps to minimise trip hazards
- Manufactured with MicroStop™ anti-microbial rubber compound that inhibits the growth of bacteria and fungi to provide a cleaner and healthier work environment (red only)
- Available in 2 versions: (1) Black mat which is grease resistant and carries a 1-year warranty. (2) Red mat with extra nitrile content is grease-proof and carries a 3-year warranty
- Overall thickness is 12.7mm
