

DRIP-FIX SPILL PADS

DISPOSABLE
ABSORBENT
PROBLEM SOLVERS

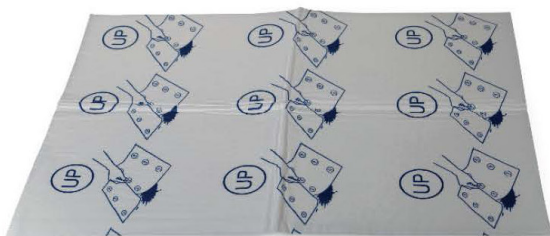

INNOVATION
IN CLEANING
MANAGEMENT

Stop crying over spills, Just Suck-it-Up and remove any potential issues.

- **NO DRIPPING:** Super-absorbing polymers inside pad transform the absorbed liquid into a gel, which is retained, without any dripping
- **SUPER-ABSORBING:** Drip-Fix spill pads can absorb approximately 1000 ml of tap water
- **ALL-IN-ONE:** Easily absorbs water, drinks, oils, organic liquids and chlorine bleach
- **HIGHEST SAFETY:** Floor is quickly dry, avoiding the risk of accidental slipping
- **NO RISK OF CROSS CONTAMINATION:** Upper printed side is impermeable and avoids any hand contact with the absorbed liquid
- **HYGIENIC:** Safe and quick disposal of the used pad, no risk of cross contamination
- **EASY TO USE:** Place Drip-Fix spill pad onto the spill with the unprinted side down, wait, remove and dispose of
- **VERSATILE:** Best solution for hospitals, healthcare facilities, supermarkets, coffee shops, kitchens, airport, schools, mechanic workshops
