

MASTER-FLEX ENTRANCE MATTING

The Master Flex HHP™ high heel modular entrance matting system has a stylish octagonal grooved design and tiny integrated holes combined with a densely tufted carpet insert to reduce the risk of trips and falls with high heels. Plus, its smooth surface makes it EU compliant for public entrances and suitable for wheeled access (carts, wheelchairs, suitcases, etc). The Master Flex HHP™ C12 can be combined with the Master Flex HHP™ D12 for a harmonious transition from outdoor to indoor.

Where to use:

- Heavy traffic
- For placement in interior or exterior recessed matwell frames
- Specifications:
 - Natural rubber / Natural Rubber with Arrowtrax carpet insert-charcoal
 - Attachable bevelled edges are available
 - Overall thickness: 12 mm • Weight: 2.5 kg/m²
 - Special characteristics: Free of DOP, free of DMF, free of ozone depleting substances, free of silicone and free of heavy metals
 - Suitable for use in extreme weather
 - Tiny drainage holes diameter 3 mm, specially designed for high heels, compliant with EU norm for public entrances
